

# TRIDENT

**DRAFTING A NEW ANGLE IN RESIDENTIAL LAWN SPRINKLER STANDS.**

Engineered to provide a more stable 3-point "milk stool" stance. Looking for fancy painted tubing? Look somewhere else! The TRIDENT'S innovative design features industrial grade 16 gauge ASTM-513 ERW 3/4" OD steel tubing with G90 galvanized coating inside and out. Die cast swedge fit "Zamac" zinc alloy sprinkler outlet will not rust, seize or gall. Hexed brass swivel 3/4" hose adapter with washer.

Technology and materials field proven in demanding agricultural irrigation applications for over 40 years.
